Professional Summary

Full-Stack & AI Developer experienced in Java, Spring Boot, React, React Native and Python. Built scalable web and mobile applications, AI-powered SaaS products, and integrated machine learning models with REST APIs, JWT authentication and modern deployment workflows.

Education

PES Modern College of Engineering, Pune Bachelor of Engineering (Electronics and Telecommunication) — CGPA: 8.3	<i>Expected May 2027</i>
Vidya Bharti Mahavidyalaya Percentage: 75.83%	<i>HSC – 2023</i>
Shivaji Higher Secondary School Percentage: 95.80%	<i>SSC – 2021</i>

Experience

Backend Developer Intern – Axcentra <i>Salt Lake, West Bengal</i>	<i>Jan 2026 – Mar 2026</i>
- Developed secure REST APIs using Java, Spring Boot, Spring Data JPA and MySQL following layered architecture. - Implemented JWT authentication, role-based authorization and optimized database operations for scalable applications. - Collaborated with React developers, resolved API integration issues and participated in code reviews.	

Projects

KrishiMitra – Smart Agriculture Platform GitHub Live Demo	<i>2026</i>
- Built a full-stack AI-powered agriculture platform using Java, Spring Boot, React and React Native. - Trained and integrated a Python-based machine learning model to power crop recommendations and predictive insights, exposed via REST APIs consumed by the Spring Boot backend. - Implemented multilingual AI assistant, weather insights and secure JWT authentication.	
SpendWise – Personal Finance & Budgeting Platform GitHub Live Demo	<i>2026</i>
- Developed a full-stack personal finance platform using Spring Boot, React and MySQL. - Implemented JWT authentication, REST APIs and AI-powered financial insights with interactive dashboards.	
FinSight – SaaS Subscription Audit Platform GitHub Live Demo	<i>2026</i>
- Built a SaaS platform that audits AI subscriptions and identifies cost-saving opportunities. - Developed a TypeScript frontend with automated GitHub Actions CI/CD deployment pipeline.	

Technical Skills

Backend	Java, Spring Boot, REST APIs, Hibernate, Spring Data JPA, JWT
Frontend	React.js, React Native, HTML, CSS, JavaScript
Languages	Java, Python, C++, TypeScript
Database	MySQL, PostgreSQL
Tools	Git, GitHub, Docker, Maven, Postman, GitHub Actions
AI	Prompt Engineering, LLMs, RAG, AI Agents

Achievements

- Selected as Team Leader for the National AICTE Innovation, Design and Entrepreneurship (IDE) Bootcamp 2026.
- Presented a startup solution before industry mentors and a national judging panel representing PES Modern College of Engineering.
- Led a multidisciplinary team through product ideation, validation and business pitching.
- State-Level Volleyball Player – demonstrated teamwork, discipline and leadership under pressure.
